

## Purecamping – Green Purchasing Policy

We endeavour to find suitable environmentally suitable products for the use on the campsite. Each purchase we make needs to take into account:

1. the support for local business
2. the support for ethically traded goods
3. the support for goods that have a lower carbon footprint
4. the support for organic produce when available.

The following table summarises the products we use and their sources.

<i>Product</i>	<i>Source</i>	<i>Brand</i>	<i>Description</i>
